TO BE CONSIDERED FOR A LICENSE TO CONDUCT BUSINESS IN THE CITY OF CAMDENTON, APPLICANTS MUST PROVIDE THE FOLLOWING (PLEASE INITIAL NEXT TO EACH NUMBER THAT YOU HAVE READ & UNDERSTAND):

ALL BUSINESSES:

1. _____ The applicant must submit with the application the appropriate license fee as required by City Code Section 605.030.
2. _____ The Application for a Business License for any business with or without a physical location inside the City Limits must be completed and signed by the owner/managing officer of the business. A new application is required if there is a change in ownership, change in location or change in occupancy type per City Code 605.090.

ONLY BUSINESSES WITH A PHYSICAL LOCATION IN THE CITY:

3. _____ In an effort to safeguard life and property of the citizens of Camdenton the following procedures shall be followed relating to the issuance of a Certificate of Occupancy:
 - a. **NEW OR CHANGES OF OWNERSHIP / LOCATION / OCCUPANY BUSINESS INSPECTION:**
 - i. Inspections will be coordinated with the Code & Fire Official for compliance with the Fire Prevention Code. There is a checklist attached concerning items the Code & Fire Official will inspect. Not all items on this checklist will apply to every business location and there may be additional items that will be inspected that are not included on this list for certain type of businesses. This list is provided as a guide, so you, the business owner/manager, can address these issues prior to calling to schedule your inspection. **IT IS YOUR RESPONSIBILTY TO CONTACT THE CODE & FIRE OFFICIAL TO SCHEULE YOUR INSPECTION, 346-3600 extension 233.** Any code violation will be noted and a letter of insufficiency and be issued to the owner/manager.
 - ii. The Certificate of Occupancy and/or Business License will not be issued before all Code Violations are corrected.
 - iii. At the Code and Fire Officials discretion a temporary certificate of occupancy may be issued in instances where the building is safe to occupy and determined that the materials necessary to mitigate the violation is actually ordered and not available from other sources.
4. _____ If you will be installing signage or changing existing signage for your business, you must complete a sign permit application (see attached). Complete Sign Code Section 440.200 is available online at www.camdentoncity.com
5. _____ Any renovations/remodels of the business structure inside or outside may require a building permit. Please contact the Building Official at 573-346-3600 extension 231 **PRIOR** to beginning any work to discuss your plans and need for periodic inspections. Failure to obtain a building permit to any construction could result in additional fines and fees being assessed as well as work being redone.

BUSINESS LICENSE AFFIDAVIT OF OWNING A BUSINESS & WORK AUTHORIZATION

State and/or Federal Law provisions regulate the presence of aliens in the United States. I understand that pursuant to 2008 State Statute 285.530 certain public benefits are prohibited by law from the being provided to aliens unlawfully present in the United States and that I do not and will not knowingly employ a person who is an unauthorized alien in connection with the business for which the permit or license has been or is being obtained and assert that the obtaining of the permit or license will not violate the prohibition on providing certain public benefits for aliens unlawfully present in the United States as set forth in State Statute 285.530. Should I become aware, after issuance of the permit or license and during the term of the permit or license that the business is in violation of State Statute 285.530, I will immediately notify the City of the violation and failure to do so may result in denial/revocation/suspension of the permit or license. After notification of the violation is provided to the City, the business shall immediately advise the city of steps being taken to correct the violation. A failure to timely correct the violation may result in denial/revocation/suspension of the permit or license.

I affirm that, I, _____, am a citizen of the United States. I also affirm that my company, _____ does not and will not knowingly employ a person who is an unauthorized alien.

In Affirmation thereof, the facts stated above are true and correct.

Signature Date: _____

Sign Contractors Affidavit for Digital Signs

I hereby affirm and certify that at installation, the sign being installed under this permit will adhere to the following requirements of the *City of Camdenton Municipal Code, Title IV Zoning Code, Section 400.270: Sign Regulations*. Subject to the limitations set forth in these sections for digital signs (electronic message signs), digital signs shall be allowed under the following conditions:

- 1) Digital signs shall display static messages for a period of at least two (2) seconds.
- 2) Digital signs shall not flash, scintillate or contain any effects that resemble a traffic signal or emergency vehicle strobe lighting.
- 3) Digital signs shall not use traditional primary colors of red, blue or yellow as solid background colors. Digital signs shall not use white as a solid background color except for testing purposes.
- 4) Digital signs shall use dimming technology which automatically adjusts the brightness of the sign based on ambient light conditions. Each application for a digital sign permit must include a certification signed by the contractor that the digital sign will so be equipped. The standard for the brightness adjustment as ambient light intensity declines shall be a maximum increase of light intensity from the digital sign of 0.3 foot-candles over ambient levels as measured using a foot-candle meter at the pre-set distance in accordance with the following Table.

Procedure for Measuring Illuminance of a Digital Sign

- 1) Utilize a foot-candle meter at the following distances based upon the square footage of the sign. Meter shall be capable of measuring up to two (2) decimal places.
- 2) Meter must be set perpendicular to the sign face being measured. If the sign face is fifteen (15) feet above grade, then the meter must be at that elevation to obtain an accurate measurement.
- 3) At least one (1) hour past sunset, the digital sign must be setup to be turned off or black and the first measurement taken at this time. This will establish the base line ambient light at this location.
- 4) The digital sign must then display a solid white (or the solid color of a monochrome display). The second measurement shall be taken at this time. The difference between the measurements shall equal no more than 0.3 foot-candles or less. If not, then the sign must be adjusted to comply with standard.

Sign Area Versus Measurement Distance

Area of Sign in Square Feet	Measurement Distance in Feet
10	32
15	39
20	45
25	50
30	55
32	56.5

For signs with an area in square feet other than those specifically listed in the table (i.e., 12 sq.ft.), the measurement distance may be calculated with the following formula:

$$\text{Measurement Distance} = \sqrt{\text{Area of Sign Sq. Ft.} \times 100}$$
